Investment Advisor

Under the terms of such appointment, UCP shall exclusively advise URE in relation to its U.S. investment strategy, portfolio structure, acquisition sourcing, asset selection, screening and due diligence, together with related international tax and corporate structuring advice, further capital raising and implementation of debt financing.

Investment & Asset Management Delegation

Once acquired, each property shall then be locally asset managed by Unity Capital Partners (US) LLP (a wholly owned subsidiary of UCP), acting under delegated authority but with an essential on-the-ground presence.

Peter Koritschan, COO of Unity Capital Partners said: *"Having achieved various capital allocations from a select group of international family offices, we are excited to take advantage of a generational opportunity in the U.S. markets and to take such investors into that new geography and provide them exposure to first-class acquisition opportunities that provide both capital upside and stable cash returns."*
